

Proposal regarding mock on-sites

Part of the services offered by the CT PAC is to conduct mock-site assessments for member agencies who are participating in either the CALEA or POST Accreditation programs. In order to engage as many member agencies as possible in the mock on-site process and thereby promoting additional training and experience for accreditation managers and others involved in the accreditation process, the following proposal is made for consideration of the membership:

Non-member agencies of the PAC may request a mock on-site assessment. If the PAC agrees to provide this service, the PAC shall assess a fee of \$300.00 which shall be paid in advance.

Member agencies of the PAC may request a mock on-site assessment. If the PAC agrees to provide this service, the PAC shall assess the following fees in consideration of the services provided to the PAC by member agencies:

Member agency participating in at least three mock on-site assessments at other agencies during the past three years prior to the date of the mock on-site: No fee

Member agency participating in at least two mock on-site assessments at other agencies during the past three years prior to the date of the mock on-site: \$100.00 fee

Member agency participating in the least one mock on-site assessment at another agency during the last three years prior to the date of the mock on-site: \$200.00

All funds collected shall be deposited in the PAC checking account and shall be used in accordance with the PAC bylaws and and/or as authorized by the PAC officers or membership.
